Please note: Because of COVID-19 ALL indoor March events have been cancelled or postponed. April events are uncertain at this time. Please check with the sponsoring organization for an update. Where possible, contact information is included in the notices.

**Marks new items in this issue**
March 18, 2020

Compiled weekly by Peg Tileston on behalf of Trustees for Alaska, The Alaska Center, and The Alaska Conservation Foundation.

**CONFERENCES, WORKSHOPS, SEMINARS, SPECIAL EVENTS**

**SPRING 2020 SUSTAINABLE ENERGY ONLINE CLASSES, UAF-BRISTOL BAY**

April 1 to April 29 - SMALL WIND ENERGY SYSTEMS, ENVI F150, 1-cr, 5 wks., 5:20 to 8pm, CRN 37949

May 8 – 10 - ENERGY EFFICIENT BUILDING DESIGN AND SIMULATION, ENVI F122, 1-cr 3 days, CRN TBD

For more info contact Mark Masteller, Asst. Prof. Sustainable Energy, at 907-414-0198 or email mamasteller@alaska.edu.

April 2–4 (CANCELLED)
DILLINGHAM – The ANNUAL WESTERN ALASKA INTERDISCIPLINARY SCIENCE CONFERENCE AND FORUM: VISIONS FOR THE FUTURE. For more information about this cancellation, please visit the 2020 Western Alaska Interdisciplinary Science Conference and For more information, contact Gabe Dunham.

April 11 (On PBS)
Nat Geo WILD has announced that the Alaska SeaLife Center (ASLC), the Alaska Wildlife Conservation Center (AWCC) and the Alaska Raptor Center (ARC) will be highlighted in a new series, ALASKA ANIMAL RESCUE produced by Symbio premiers at 5pm AKST. To see a preview, go to https://www.nationalgeographic.com/tv/shows/alaska-animal-rescue.

April 27 – 30, May 4 – 7, May 18 – 21, June 1 - 5
ANCHORAGE - ARCTIC ENVIRONMENTAL SAMPLER WORKSHOP is a 4-day hands-on workshop on surface water, groundwater, and soil sampling of contaminated sites, packing, shipping and legal forms such as Chain of Custody Form. The workshop is recognized by ADEC as part of the Environmental Sampler Qualification. The workshop is held in Anchorage at the APU campus. Instructor: Birgit Hagedorn, PhD. Sustainable Earth Research LLC. Veterans and full-time students will receive a 30% rebate. To sign up and for more information go to http://www.environmentalsampler.com/.

May 7 – 10 (REGISTRATION INFORMATION)
HOMER – The 28th ANNUAL KACHEMAK BAY SHOREBIRD FESTIVAL coincides with a full moon and some impressive tides. Over 130 events showcasing the wonder of the shorebirds’ migration and the awe-inspiring landscape of Kachemak Bay to over 900 folks from near and far will be held. This year, the Festival is excited to welcome two Keynote Speakers: CATHERINE HAMILTON is a well-known artist, bird guide and naturalist who uses her talents to bring attention to bird conservation issues across the globe. ELI KNAPP teaches courses in ornithology, biology and human ecology at Houghton College and published The Delightful Horror of Family Birding in 2018. Our Festival Artist, local Soldotna resident Abbey Ulen, is creating this year’s Festival design of a yellow-billed loon which was a Festival favorite in 2019. Learn more about the Festival here. Registration begins March 23rd at kachemakshorebird.org.

May 8 – 31
YAKUTAT - The 10th ANNUAL YAKUTAT TERN FESTIVAL is a celebration of the natural and cultural resources of Yakutat. Yakutat hosts one of the largest and southernmost known nesting colonies of Aleutian Terns, as well as Arctic Terns and up to 200 other bird species that nest in or migrate through the area. Other area activities include sight-seeing, hiking, fishing, surfing, canoeing and kayaking, wildlife viewing, and beachcombing. The Yakutat Tern Festival is family friendly, and offers activities for birders as well as non-birders, including field trips, seminars, kid’s activities, evening banquets and other programs, the Wildman foot race, music, and art. Keynote speaker HOB OSTERLUND, is an award-winning writer, photographer, and conservationist living on the island of Kaua‘i. Her work included monitoring of Laysan albatross, assisting with predator control and serving as a link between private landowners and state and federal wildlife agencies. She will discuss the albatross and its role in Hawaiian culture. Featured artist is RAY TROLL, an iconic figure in Southeast AK. From his studio on a hill above Tongass Narrows in Ketchikan, Ray Troll creates fishy images that swim into museums, books and magazines, and onto t-shirts worn around the world. He draws his inspiration from extensive field work and the latest scientific discoveries, bringing a street-smart sensibility to the worlds of ichthyology and paleontology For more information and to register, go to www.YakutatTernFestival.org or call (907) 784-3359.

June 8 – August 21
SUMMER FIELD COURSES IN DENALI NATIONAL PARK are now open for registration. Courses are active learning vacations and are led by Denali’s best scientists and naturalists. Courses include transportation, overnight accommodations and hearty meals. Professional development credit is also available. Some courses are already sold out, however the following field courses still have space:

June 8 – 10: BIRDS of DENALI
June 23 – 25: WILDFLOWERS of DENALI
June 26 – 28: PALEONTOLOGY in DENALI
July 8 – 10: WOLVES of DENALI
July 29 – 31: DENALI LARGE MAMMALS
August 5 – 7: DENALI’S MOSSES and LICHENS
August 7 – 9: DENALI’S ALPINE WILDLIFE and CLIMATE CHANGE
August 19 – 21: BEARS of DENALI
For more information or to register, go to https://www.akgeo.org/field-courses/, email courses@alaskageographic.org, or call 907-683-6432.

June 22 - August 9
McCARDY - WRANGELL MOUNTAINS FIELD STUDIES PROGRAM - Learn about the natural and human forces that come together to shape one of the most spectacular, unique, and wild landscapes in North America. Explore cutting-edge research questions in a remote field setting as you work, while earning semester’s worth of credits with our world-class faculty. Develop new skills, from collecting and analyzing field data on glaciers and alpine tundra organisms, to solar panel maintenance, gardening, and cooking at our sustainable off-grid campus, to backpacking through the wilderness of the largest national park in the United States. Our field studies program is a collaboration between the Wrangell Mountains Center and The Evergreen State College. For more information, go to The Academics and The Experience.

WEBINARS, TELECONFERENCES & VIDEOS

**March 20 (WEBINAR)
FORECASTING GREEN-UP: IT’S SEEMS SIMPLE…BUT IT’S NOT will be held from 10 to 11am with RICK THOMAN, ACCAP. Green-up, that time when leaves burst forth from Alaska’s deciduous trees has important implications for the seasonal ecology, society and even meteorology in the state. Fairbanks has a unique record of more than four decades of green-up dates. This presentation builds on work started more than 20 years ago to demonstrate how this unique observational record combined with the latest advances in weather and climate forecasting, allow for an objective forecast for the timing of green-up well before the snow has even started to melt. Register HERE.

GRANTS/AWARDS/SCHOLARSHIPS/FELLOWSHIPS/ CONTESTS/RFPs

The ALASKA FELLOWS PROGRAM has open applications for fall-to-spring fellowships with dynamic non-profit and public sector organizations across the state. Fellows are given significant responsibilities at their host organizations while supported by experienced mentors. Away from work, fellows live together in warm households that provide a supportive social foundation. Learn more or apply online at alaskafellows.org. Applications for most positions are accepted on a rolling basis, and more positions will be posted in the coming months.

March 24
Deadline for responses to the PRINCE WILLIAM SOUND REGIONAL CITIZENS’ ADVISORY COUNCIL request for PROPOSALS TO DOCUMENT the HISTORY of OIL SPILL CONTINGENCY PLANNING for the TANKERS that SERVE ALYESKA PIPELINE SERVICE COMPANY’S VALDEZ MARINE TERMINAL over the past 30 years. Information on the Request For Proposals can be found at http://www.pwsrccac.org/announcements/request-for-proposals-history-of-contingency-planning/. For more information, contact Linda Swiss at (907) 273-6226 or
email swiss@pwsrca.org.

March 27
KETCHIKAN - Deadline for entries for the ALASKA HUMMINGBIRD FESTIVAL JURIED ART SHOW. Artwork must include birds, avian habitat and/or migratory bird patterns provided in the guidelines. Artwork must be recent, original and not previously exhibited in Ketchikan. It is open to all Alaskan artists working in all media with a maximum of two entries per artist. Label each piece with “item 1” and “item 2” to correspond with each entry form. All two-dimensional entries must be framed and ready to hang (hardware, wire etc.). All three-dimensional entries must be ready for display. Note on entry form if you are including stands or props with your piece. You may sell your artwork at the exhibit. Proceeds benefit the artist (65%) with 25% going to SEADC educational programs including this juried art show and 10% to KVB. The art show will be on display at the Southeast Alaska Discovery Center until June 26. Prizes: Adult Best of Show (18 & up) - $500; Juvenile Best of Show - $100; Adult First Prize - $300; Juvenile First Prize - $75; Adult Honorable Mention - $200; Juvenile Honorable Mention - $50. Mailed entries must include return postage. Submit your work to: Southeast Alaska Discovery Center, 50 Main Street, Ketchikan, Alaska 99901, C/O Hummingbird Festival. For bird list, guidelines, and entry form, go to https://www.fs.usda.gov/Internet/FSE_DOCUMENTS/fseprd605674.pdf. For more information, contact Leslie Swada at 228-6290 or leslie.swada@usda.gov.

March 30
Deadline for application for the NATIONAL FOREST RESILIENCY INNOVATION CHALLENGE COST SHARE GRANT PROGRAM that seeks to establish sustainable urban and community forests by encouraging communities of all sizes to manage and protect their natural resources to improve the public's health, well-being, and economic vitality and to create resilient ecosystems for present and future generations. Collaborative solutions may include research, prevention, planning, policy, preparedness, implementation, best management practices, recovery, and reforestation that promote the resilience of urban and community forests. For more information, go to Forest Service.

March 31
Deadline for applications for RURAL ENERGY FOR AMERICA PROGRAM (REAP) FUNDS available for Rural ENERGY EFFORTS that provides loans and grants to agricultural producers and rural small businesses for renewable energy systems or to make energy efficiency improvements. Grants may be used for renewable energy systems such as biomass, geothermal, hydropower, hydrogen, and wind, solar, or ocean generation, or for the purchase, installation, or construction of energy efficiency improvements such as high-efficiency HVAC systems, lighting, insulation, cooling or refrigeration units, doors and windows, and other upgrades. For more information, go to Department of Agriculture.

March 31
Deadline for applications for the MARTHA LEVENSALER LEADERSHIP FUND.
The Fund was created to honor Martha’s legacy and specifically to benefit the people who are involved in improving conservation efforts across Alaska. To accomplish this, the Fund will provide support for training, skill building and organization development. Grant awards range from $500-$2,500. The Fund will support projects that provide training and organization development to enhance leadership capacity for the conservation movement. For more details, including how to apply, visit: https://alaskaconservation.org/take-action/legacy-giving/endowment-funds/current-endowment-funds/martha-levensaler-leadership-fund/.

**May 31**
Deadline for pre-proposals for the **LANDSCAPE CONSERVATION CATALYST FUND**, an initiative of the Network for Landscape Conservation, that is intended to help accelerate the pace of landscape conservation across the United States. The Fund specifically seeks to build critical capacity and forward momentum in landscape conservation partnerships by supporting key collaborative processes and activities. The Catalyst Fund is open to any landscape conservation partnership in the United States. A portion of the Fund is reserved specifically for Indigenous-led partnerships that work to advance Indigenous landscape conservation priorities. One- or two-year grants of $10,000 to $25,000 will be provided. For more information, go to [Landscape Conservation Catalyst Fund](https://www.nolcat.org/)

**March 31**
Deadline for entries to the **ALASKA STATE FISH CONTEST for STUDENTS**, kindergarten through 12th grade. To enter, young artists create an original illustration of any official state-fish and written words detailing its behavior, habitat, and efforts to conserve it. Entries are categorized in four grade levels: K-3, 4-6, 7-9, and 10-12. Educators nationwide utilize Fish On!, the full-color State-Fish Art Lesson Plan, integrating the disciplines of science and art. Entries are due postmarked by March 31st each year. [www.statefishart.org](http://www.statefishart.org). Students from Alaska should create their Fish Heritage Award entry consisting of three parts: Horizontal artwork featuring a King Salmon, 9" by 12" in size; Essay about the King Salmon that is no longer than one page with name and grade on the back; Alaska State-Fish Art Contest entry form, attached to the back of the artwork. Completed entries should be mailed no later than to Alaska Regional Forest Service Office, ATTN: Alaska State Fish Contest/Bobbie Jo, PO Box 21628,709 W. 9th Street, Juneau, AK 99802. For more information, go to [Wildlife Forever State-Fish Art® Contest](http://www.statefishart.org/).

**April 2**
Deadline for applications for applications for the **BYCATCH REDUCTION ENGINEERING PROGRAM FISCAL YEAR 2020 FUNDING OPPORTUNITY** to support applied management projects and activities to reduce bycatch. Bycatch reduction is a top priority for NOAA Fisheries, as outlined in the National Bycatch Reduction Strategy. Bycatch contributes to overfishing, threatens endangered and threatened species and protected marine mammals, and can close fisheries, significantly impacting U.S. economic growth. Through this program, we support the development and testing of fishing gears that minimize bycatch and habitat impacts. To

April 8
Deadline for PRE-PROPOSALS for the WILDLIFE CONSERVATION SOCIETY’S CLIMATE ADAPTATION FUND that provides a total of $2.5 million in grant awards between $50,000 and $250,000 to conservation non-profit organizations each year. One to two-year projects that implement science-driven, on-the-ground actions that assist wildlife and ecosystems to adapt to climate change at a landscape scale. Project proposals must: • Focus on the functionality of ecosystems, rather than conserving individual species. • Be designed for long-term conservation impact. • Create the potential for impact at a landscape scale. • Use strategic, targeted communications activities to amplify adaptation outcomes. • Be designed with climate adaptation for wildlife and ecosystems as a core goal or outcome of the work. • Propose conservation goals and actions that are grounded in the best available science. Conduct on-the-ground implementation, not research, planning or tool development. Learn more by reading the most recent Applicant Guidance Document. To apply, 1. Review the 2020 RFP and Applicant Guidance Document. 2. Create an account for your organization and apply on our online application system. 3. Sign up for our mailing list to be among the first to receive the next RFP announcement. Learn more about funding requirements and eligibility by reading the most recent RFP.

April 8
Deadline for the NORTH FACE EXPLORE FUND to support PROGRAMS to ENHANCE OUTDOOR EXPERIENCES for nonprofit organizations in the U.S. that are working in innovative ways to increase participation in the outdoors and to protect our environment. Competitive grants are made in the following categories: The Creating a Community of New Explorers category focuses on programs that introduce underrepresented communities to outdoor adventures in potentially new and interesting ways. The Protecting Our Wild Places category focuses on programs that work to protect our natural ecosystems and our ability to continue to enjoy them. Across both categories, programs with strong outdoor engagement in activities such as skiing, kayaking, backpacking, etc. are preferred. Grants range from $5,000 to $25,000. Go to The North Face Explore Fund for more information.

April 8
Deadline pre-proposals for GRANTS THAT PROMOTE WILDLIFE ADAPTATION to CLIMATE CHANGE from the WILDLIFE CONSERVATION SOCIETY: CLIMATE ADAPTATION FUND that supports projects that implement effective interventions for wildlife adaptation to climate change. Grants of $50,000 to $250,000 are provided to nonprofit conservation organizations for applied, on-the-ground projects focused on implementing priority conservation actions for climate adaptation at a landscape scale. The Fund prioritizes projects that manage dynamic ecological processes, landscape functionality, and species assemblages, as opposed to single-species or historical conditions that may not be possible in an altered climate. Grants are provided to U.S.-based nonprofit conservation organizations for projects within the United States and its
**April 15**
Deadline for pre-proposal application for grant to **SUPPORT for LAND ACQUISITIONS to PROTECT CRITICAL HABITATS** from National Fish and Wildlife Foundation: Acres for America. Preference will be given to projects that achieve more than one of the following program priorities: conserve critical habitats for birds, fish, plants, and wildlife; connect existing protected lands to unify wild places and protect critical migration routes; provide access for people to enjoy the outdoors; and ensure the future of local economies that depend on forestry, ranching, and wildlife. All grant awards require a minimum 1:1 match of cash or contributed goods and services. Nonprofit organizations, state and local government agencies, Indian tribes, and educational institutions are eligible to apply. Applicants are encouraged to contact the appropriate NFWF regional office to discuss project ideas prior to applying. Invited full proposals must be submitted by June 24. For more information go to the website above.

**May 15** Deadline for applications for **ALASKA COASTAL SUMMER INSTITUTE (Summer 2020) FOR UNDERGRADUATE AND CONTINUING EDUCATION STUDENTS** that is built around core experiences (each about a week in duration) hosted by local research agencies and community-organizations in the Kachemak Bay area. Each core experience determined by the partner agencies offers students insight into their most interesting and important research, community-based monitoring, and science communication work. Students will also attain job-related skills in research design, data collection, analysis, and scientific communication. A 2-Credit Science Communication Course (ENGL 278: Sharing Science with Diverse Audiences) is woven into each week of AK-CSI. **New This Year**, all students successfully completing the core experiences and required reflection activities will also receive 3 internship credits (BIOL 495A: Internship in the Biological Sciences) through the Kachemak Bay Campus-Kenai Peninsula College. The cost is approximately $4000; some scholarship assistance may be available, especially for residents of Alaska or students with the goal of working long-term in Alaska. For more information, go to https://www.akcoastalstudies.org/education-programs/alaska-coastal-summer-institute.html

**DEADLINES**

**March 23**
**NORTH SLOPE -** Comments are due on the application for an **OIL DISCHARGE PREVENTION AND CONTINGENCY PLAN AMENDMENT** for HILCORP ALASKA LLC that is required to commit adequate resources to meet all planning requirements for prevention and response for a realistic maximum discharge from the operations of MILNE POINT UNIT (MPU), ENDICOTT, GREATER PRUDHOE BAY (GPB), and NORTHSTAR. The amendment application is submitted to address the addition of GPB facilities to the Oil Discharge Prevention and Contingency Plan. MPU consists of a central facilities pad with operations and processing facilities, oil piping, oil storage tanks, and 15 gravel pads with approximately 125 production wells. Endicott is an offshore facility comprised of three manmade gravel islands which include production
wells, a processing facility, oil storage tanks, and accompanying oil piping. Northstar is a self-contained offshore manmade gravel island which consists of a processing facility, production wells, oil piping, and oil storage tanks. GPB is the largest facility with over 1,000 production wells and more than 40 gravel pads, 7 processing centers, a crude oil topping refinery unit, numerous oil storage tanks, and associated oil piping, including crude oil transmission pipelines. A potential risk exists of oil spills entering the lands or waters of the state as a result of this operation. Copies of the application package are available at http://dec.alaska.gov/Applications/SPAR/PublicMVC/IPP/CPlansUnderReview. For more information or to submit comments, contact Victoria Huelskoetter at 907-269-7536 or email Victoria.Huelskoetter@alaska.gov.

March 27
Deadline for comments on THE PROPOSED COMMISSIONER’S FINDING on the WINDY CORNER MP 105-107 SEWARD HIGHWAY REALIGNMENT to authorize the following ACTIVITIES THROUGH CHUGACH STATE PARK: • Grant of a highway easement to the Alaska Department of Transportation and Public Facilities (ADL 232839) ; • Convey a property interest to the Alaska Railroad Corporation (ADL 232892); • Authorize use of materials for this project; • Closure of a section line easement(ADL 233527) ; • Acceptance of relinquished right-of-way from ARRC (OSL 1632) ; • Authorize construction of park facilities. When commenting, please reference the applicable file number as noted in the bullet list above. For more information, go to https://aws.state.ak.us/OnlinePublicNotices/Notices/View.aspx?id=197310.. Additional information can be found on the project website at: http://www.windycorner.info/ or contact Chugach State Park Superintendent Kurt Hensel at DNR.Windycorner@alaska.gov or (907) 345-5014.

March 31
Deadline for applications for three upcoming vacancies on the KENAI RIVER SPECIAL MANAGEMENT AREA CITIZENS ADVISORY BOARD that provides state park managers with recommendations on the management of the special management area. The people selected will serve from July 2020 through June 2023 and the board typically meets once a month between September and May. To apply for a position on this advisory board, fill out the application provided at http://dnr.alaska.gov/parks/misc/boards.htm.. For more information, please contact the Kenai/Prince William Sound Area state park office at 907-262-5581.

March 31
Deadline for applications for the KACHEMAK BAY CITIZEN ADVISORY BOARD that provides the Alaska State Parks with recommendations and input on management issues in Kachemak Bay State Park, Eveline State Recreation Site, and Diamond Creek State Recreation Area. Board members meet the second Wednesday of the month September through May from 5:30pm - 7:30pm at Island and Oceans Visitor Center. Application form is available at http://dnr.alaska.gov/parks/misc/boards.htm under State Park Advisory Boards. For more information, contact Southern District Ranger Jason Okuly at 435-7595 or email Jason.Okuly@Alaska.Gov.
**March 31**

ANCHORAGE – Comments are due on the proposed REHABILITATE SECTIONS of PATHWAYS and TRAILS on DEBARR ROAD between BONIFACE PKWY and MULDOON RD, NORTHERN LIGHTS BLVD. between MINNESOTA DR. and LOIS DR., and JEWEL LAKE ROAD PATHWAY between RASPBERRY RD and INTERNATIONAL RD. The proposed work would include: • Pathway regrading and structural section repair; • Roadside hardware; • Drainage improvements (culverts, ditching); • ADA improvements; • Utility relocations; • Vegetation clearing and grubbing; and • Safety improvements. Construction for the proposed project is anticipated to begin in Summer/2022. For more information, contact Steven Rzepka, Project Manager, at 269-0592 or email steve.rzepka@alaska.gov or Alex Schlegel, Environmental Impact Analyst, at 269-0536 or alex.schlegel@alaska.gov. Submit comments to Brian Elliott, Regional Environmental Manager

DOT&PF, P.O. Box 196900 Anchorage, Alaska 99519-6900

**March 31**

Comments are due on the proposal to REHABILITATE 32.9 MILES of the GLENN HIGHWAY from AIRPORT HEIGHTS in Anchorage to the Parks Highway Interchange The proposed work would include: Resurfacing; Drainage improvements (culverts, ditching); Bridge repairs; Pedestrian and ADA improvements; Roadside hardware, guardrail, signage, lighting. For more information, contact Chris Bentz., Project Manager, at 269-0652 or email chris.bentz@alaska.gov or Amber Cozad, Environmental Impact Analyst, at 269-0535. Submit comments to Brian Elliott, Regional Environmental Manager, at brian.elliott@alaska.gov.

**April 3**

Deadline for applications and nominations are due to serve on the KENAI PENINSULA-ANCHORAGE BOROUGH RESOURCE ADVISORY COMMITTEE (KP-AB RAC). Members of the KP-AB RAC review and discuss project proposals submitted by individual citizens, interest groups, tribes, land management agencies, and other interested parties within the Kenai Peninsula-Anchorage Borough geographic areas. The committee meets one to two times a year to consider and recommend projects that benefit national forest land, monitor ongoing projects, and provide advice. Members must live within the region of Alaska in which the committee has jurisdiction. Committee members are approved by the Secretary of Agriculture. Committee members review and make recommendations concerning project proposals to be funded under Title II of the Act that take place on or benefit the national forest and adjacent communities. Past projects include invasive weed management, cabin improvements, streambank stability, and trail and road reconstruction and maintenance. Since 2011, recommendations were made for projects in the Anchorage and Kenai Peninsula Boroughs for a value of approximately one million dollars. Click here for additional information. Individuals may nominate themselves or others. Committee members are not paid positions; however, you may be reimbursed for travel and per diem expenses. Submit applications to ForestRAC@fs.fed.us. For more information, contact Tim Charnonat (907) 754-2320 or email tim.charon@usda.gov or Anthony Blanton at (907) 754-2312 or email Anthony.Blanton@usda.gov.
**April 6**
Deadline for comments on the **ENVIRONMENTAL ASSESSMENT (EA)** on the **PREFERRED ALTERNATIVE FOR THE SEWARD HIGHWAY FROM MP 105 TO MP 107 PROJECT (WINDY CORNER)**. The Preferred Alternative proposes to extract 1.5 to 2.0 million cubic yards of aggregate, riprap, and armor stone from material locations within Chugach State Park near MP 109 and 104 (if needed). New recreational facilities and parking areas will be constructed near MP 106.5. The proposed highway includes two 12-foot lanes in each direction separated by a median and paved shoulders. The Alaska Railroad Corporation tracks will be realigned to make space for the highway improvements. The modifications require right-of-way (ROW) in the form of a land exchange including the use of 26.30 acres of intertidal mudflats within Chugach State Park. DOT&PF will mitigate impacts to the Park by relinquishing 14.7 acres of land within the existing ROW. To see the Public Notice, go to [https://aws.state.ak.us/OnlinePublicNotices/Notices/View.aspx?id=197310](https://aws.state.ak.us/OnlinePublicNotices/Notices/View.aspx?id=197310). For more information, go to [http://www.windycorner.info/](http://www.windycorner.info/). Submit comments to windycorner@dowl.com and include "Seward Highway MP 105-107 EA Comment" in the subject line.

**April 6**
**SUTTON** - Deadline for **COMMENTS for RENEWAL** for the **WISHBONE HILL MINE PERMITS (#S 01-89-796 & 02-89-796)** by **USIBELLI COAL MINE, INC. (UCM)**. The Wishbone Hill Mine is on State, Mental Health Trust, and Private Land approximately 5 miles west of Sutton. This renewal request is for an additional five-year term and includes the permit areas previously approved in the existing permits. No additional mining areas or revisions to the existing boundaries are proposed. Parts of the permit application have been revised to provide current information as required by 11 AAC 90.021 through 11 AAC 90.065. No changes or modifications to the operation or reclamation plan are being proposed. Copies of the application and preliminary decision are available at [www.dnr.state.ak.us/mlw/mining/index.htm](http://www.dnr.state.ak.us/mlw/mining/index.htm). For more information, contact Russell Kirkham at coalprogram@alaska.gov with the subject, “Wishbone Hill Mine Permit Renewal”.

**EVENTS & MEETINGS in ANCHORAGE, EAGLE RIVER & GIRDWOOD**

**March 20 & 21** **(BIRDING STILL ON/POTLUCK CANCELLED)**
The **FIRST DAY OF SPRING ANCHORAGE BIG BIRDING DAY COMPETITION** will be held from 5pm on Friday to 5pm on Saturday. What better way to celebrate Spring than by scouring the Anchorage Municipality for birds from Eklutna to Portage? How many species can your team find in 24 hours? Register your team in advance by emailing flybynightclub@gci.net. Bring a donation to Anchorage Audubon ($5 per person with a maximum of $20 for the whole team) with your list to the wrap-up party and see what was found. For complete rules and details, go to [www.anchorageaudubon.org](http://www.anchorageaudubon.org).

**March 23 & 26** **(POSTPONED)**
WINDY CORNER EA & 4(F) OPEN FORUM HEARINGS [ALSO SERVING as the MUNICIPALITY of ANCHORAGE CONDITIONAL USE PERMIT (CUP) COMMUNITY MEETINGS] have been postpone and will be rescheduled when it is deemed safe to do so. The public comment period will remain open. The project team will continue to respond to comments submitted through the mail or via the website. For more information, go to www.windycorner.info. For technical questions, contact Tom Schmid, Project Manager, at 907-269-0543 or email tom.schmid@alaska.gov. Submit comments to windycorner@dowl.com with "Seward Highway MP 105-107 EA Comment" in the subject line.

MEETINGS & EVENTS OUT OF ANCHORAGE

March 24 – April 2 (VIA TELECONFENCE)
FEDERAL SUBSISTENCE REGIONAL ADVISORY COUNCILS MEETINGS
STATEWIDE to develop proposals to change Federal subsistence fish and shellfish regulations for the 2021-2023 regulatory years, and discuss other issues affecting subsistence in their regions. The PUBLIC CAN PARTICIPATE BY TELECONFERENCE. All meeting materials are available at https://www.doi.gov/subsistence/regions. The meeting schedule is as follows:

- **March 24 – 26 – JUNEAU - SOUTHEAST ALASKA SUBSISTENCE REGIONAL ADVISORY COUNCIL** will meet at 10:qm on March 24 and 9am on March 25 &. Call-in number: (866) 560-5984; Passcode: 12960066 For more information, contact DeAnna Perry at (907) 586-7918 or email deanna.perry@usda.gov.

- **April 1 & 2 NORTH SLOPE SUBSISTENCE REGIONAL ADVISORY COUNCIL** will meet at 9am each day. To participate, call (866) 864-5314 toll free with participant passcode: 3091862. For more information, contact Eva Patton, Coordinator, at (907) 786-3358 or (800) 478-1456 or email eva_patton@fws.gov.

**March 25 (TELECONFERENCE MEETING)
SITKA - The SITKA FISH & GAME ADVISORY COMMITTEE will hold a public meeting via teleconference at 6pm. Call-in information, 1-800-504-8071, Access Code: 4654046. The agenda will include: Potential proposals for regulatory changes being considered in 2020 by the Alaska Board of Fisheries with topics including: shrimp, king salmon, non-guided halibut, and crab issues. Other business. For further information, contact AC Chair Jon Martin at 747-7752 or Annie Bartholomew 907.465.4046 or email annie.bartholomew@alaska.gov.

ITEMS of INTEREST

**RICK STEINER's** long-awaited book, **OASIS EARTH: PLANET IN PERIL** based on the presentation he has been giving for over 25 years all over the world, most recently in Nairobi at the UN Environment Assembly. Oasis Earth confirms that we are destroying the biosphere of our Home Planet. With insights from those who have viewed our planet from space and evocative images from the U.N. Environment Program’s international photographic competitions, NASA, Greenpeace and others, Oasis Earth weaves a journey through the extraordinary diversity of life on Earth, the
interrelated causes of global ecological collapse, and the path to a livable future. The intent of this project is singular: to motivate change. Oasis Earth is available as a FREE PFD download at https://www.oasis-earth.com/oasis-earth-planet-in-peril. The print version (with the high res photos) is available on Amazon, and Kindle ebook should be available on Amazon any day now at near minimal allowable price.

LAST SEASON for the NORTH FACE LODGE. If you were thinking of a visit (or return visit) to North Face Lodge, this is the season to act! For all others, please rest assured that Camp Denali will operate as usual. For more information call 907-683-2290.

The ALASKA CLIMATE ACTION NETWORK is now hosting A CALENDAR for ALL ALASKA ORGANIZATIONS with EVENTS related to climate change. You can view the calendar and/or link it to your own calendar by going to http://akclimateaction.com/calendar. If any organizations would like their climate-related events listed there, that same page has an email address to send the information to.

2020 SPRING TREE SEEDLING SALE is being held by the COOK INLET CHAPTER OF THE SOCIETY OF AMERICAN FORESTERS of 100% Alaska Grown Seedlings. Seedlings purchased will be available for pickup on Saturday, May 16 at locations in Anchorage and Wasilla. Kenai Peninsula-purchasers will be contacted with details for a pickup location on the Peninsula a few days after the main seedling distribution. For more information check out http://www.alaska.forestry.org/TreeSale.

VOLUNTEER OPPORTUNITIES

NORTHERN AREA ALASKA STATE PARKS is recruiting VOLUNTEER PARK ASSISTANTS AND CAMPGROUND HOSTS for the 2020 summer season. Alaska State Parks depends on volunteers to help manage and maintain our parks. Volunteer Campground Hosts and Park Assistants are needed this summer at state parks in the Fairbanks area. Training, housing and food stipend are provided. College internship credit is available. For more information visit http://dnr.alaska.gov/parks/vip/index.htm or call 907-451-2695.

POSTPONED - Volunteers are needed for the SPRING SEASON of BELUGA MONITORING Check out our website for more information about our monitoring locations. For more information, go to Learn More

ALASKA WILDBIRD REHABILITATION CENTER is looking for BOARD
MEMBERS, for March elections. We are a 501(c)(3) nonprofit, located in the MatSu Borough, offering education programs about protecting Alaska’s wild birds and their habitats and caring for injured and orphaned wild birds with the goal to release healthy birds back into nature. We are an active, growing organization looking to enhance our Board knowledge with fresh accounting, business, and other skills. Please contact Jill Parson, email@akwildbird.org, for information.

The ALASKA QUIET RIGHTS COALITION (AQRC) invites NEW BOARD MEMBERS. AQRC is a non-profit organization that has worked with land management agencies for 25 years to protect the natural soundscape. The soundscape is a critical resource that needs to be fully recognized and protected for the value it contributes to Alaska’s wildlands, residents, visitors and wildlife. Please consider joining the AQRC board of directors. For more information go to www.alaskaquietrights.org and contact Brian Okonek at president@alaskaquietrights.org.

COMPLIANCE OFFICER for the SIERRA CLUB ALASKA CHAPTER to serve as Election Law Compliance Officer to the Chapter, advising those involved in the chapter’s political program about how to conduct political activities to ensure compliance with the provisions of its own state and local election laws, as well as Sierra Club policies and restrictions. No state or local political activity may be undertaken by a sierra club entity without a compliance officer. Responsibilities: Ensure that the political campaign activities of the chapter adhere to all applicable state and local election regulation and reporting requirements. This includes responsibility for compliance with the laws and regulations pertaining to direct and in-kind contribution limits, public and member communications, fundraising restrictions, and the reporting of campaign contributions and expenditures. Serve as a compliance resource for the Chapter’s political program. Keep informed of any changes in regulations and reporting changes in filing dates and requirements for various state and local elections types, the application of 501(c)(4), and independent expenditures, and other information relating to the Chapter’s state and local campaign-related activities. Maintain a permanent file of campaign reports and correspondence and pass the file on to compliance officer’s successor. If interested in applying, please send an email to alaska.chapter@sierraclub.org.

BIRD TREATMENT AND LEARNING CENTER is recruiting for BOARD MEMBERS who have an interest in serving our nonprofit mission to present living science education that instills understanding and appreciation for wild birds and their habitats, and to provide primary medical treatment, rehabilitative care, and potential release for sick and injured wild birds. For more information email taramshea@gmail.com.

SITKA - A FULL-TIME AMERICORPS VOLUNTEER for PACIFIC HIGH SCHOOL to run their unique school meal program in which fresh, nutritious, homemade meals are prepared and served by students as part of a service-based culinary arts class. PHS has recently developed a school garden that is adjacent to the kitchen/lunch area, from which culinary herbs, salad greens, and root vegetables are grown and harvested for
use in the breakfast/lunch program. The ideal candidate will have basic food preparation skills and the ability to follow recipes precisely, strong computer literacy, and comfort working with at-risk students in an alternative school setting. The volunteer must be able to problem solve independently and be flexible enough to meet changing school and student needs. This is a full-time position serving 1700 hours over the course of one year. For more information, please contact Mandy Summer, PHS principal, summerm@sitkaschools.org or call 907.966.1375.

INTERNSHIPS

2020 ALASKA CENTER FOR ENERGY & POWER (ACEP) UTILITY STUDENT INTERNSHIPS - Are you a junior or senior engineering, computer science, math, economics student with a 3.0+ GPA and an interest in working on energy projects to benefit Alaskan communities? Are you interested in gaining hands-on experience in the utility industry across the state, on the railbelt or in remote communities? Join UAF’s ALASKA CENTER for ENERGY and POWER’S PROGRAM connecting UA students with utilities in communities across the state. Join our team for Spring/Summer 2020! Go to http://ausi.alaska.edu for more information or contact Heike Merkel at 970.718.2817 or email hmerkel@alaska.edu. Interns will be partnered with one of Alaska’s utilities for a 12-week summer assignment. Interns can anticipate working with technical staff and field personnel on assignments that could include effective system management, asset deployment and integration, equipment performance analysis, and stakeholder consultation.

To see the full job description, go to https://www.alaskasealife.org/employment_opportunities. For any questions regarding this position, including salary information, contact Human Resources at hr@alaskasealife.org.

STREAM WATCH COORDINATOR for the KENAI WATERSHED FORUM, full-time position to administer the organization’s Stream Watch program and to further KWF’s overall mission and vision. The Stream Watch Coordinator facilitates the protection of the natural and cultural resources of Alaska’s Kenai Peninsula, including both freshwater and marine environments, through the promotion of program volunteerism at 10+ riverine/estuarine outdoor sites managed by state, federal and local municipal partners. This will include but is not limited to: supporting all logistical needs of volunteers, recruitment of new volunteers, training of volunteers and implementation of on-the-ground activities (e.g. river protection fence installation and maintenance, litter pick-ups, fishing line collection, outreach/education events, etc.). Pay DOE. This position will include non-traditional work hours, including weekend and evening work. Recruitment Dates: This position will remain open until a suitable candidate is found; applications will be reviewed on a rolling-basis. For more information, go to https://kenaiwatershed.org/. How to Apply: To apply by mail, please submit a cover letter, resume, and no more than three professional references to: Kenai Watershed Forum, Attn: Executive Director, 44129 Sterling Highway, Soldotna, Alaska 99669. Or, you may apply by submitting an email with the subject line “Application: Stream Watch Coordinator” to: Branden Bornemann, Executive Director, branden@kenaiwatershed.org.

INTERPRETIVE GUIDE for the MUSK OX FARM for the summer 2020 season. We will train the proper individuals in interpretive education techniques, the history of the project, natural history of musk oxen, and the history of our Colony Farm. The strongest applicants will have studied education, wildlife, ecology or biology. Due to the nature of our business, gracious customer service skills in a busy environment are a necessity. The position runs from May through the end of September 2020, with possible options to continue through the winter part time. For more information. Go to https://www.muskoxfarm.org/current-job-openings. Interested parties should email a resume to Dani Biersteker at dani@muskoxfarm.org.

INSTRUCTOR 2020 for BELL: AK to be part of a 5-person staff team that develops and implements a set of experiential lessons to create a transformative learning opportunity. The staff team consists of one On Site Director and 3 – 4 instructors. The staff team is responsible for teaching and traveling with approximately 30 students as they visit Anchorage and the Kenai Peninsula to learn about pressing environmental issues. As a team, the BELL staff support students’ personal growth, intellectual curiosity, and social responsibility while fostering a welcoming and inclusive community.
Because BELL students and staff live and learn together, instructors have a unique opportunity to bridge and cultivate learning in and outside of a conventional classroom. For complete job description and application information, go to https://drive.google.com/file/d/1VbaJgZKMksOv83Yc22HgTI7Sr0dzBSjC/view.

The STUDENT CONSERVATION ASSOCIATION is hiring field leaders for the summer. Our leaders are comfortable living and working in backcountry settings across the state, supporting crews of 5 to 8 people. Crews typically work on trail maintenance, construction, or exotic plant management. The Project leader position works with young adults for 20 weeks, starting mid-April. The HS Leader position works alongside a co-leader with high school students from Alaska for a month at a time, starting mid-May. Training is provided to all leaders. Applications are received on a rolling basis and positions will be filled as soon as possible. Qualifications: Must be a minimum of 21 years of age; Current WFR & CPR certification; Valid driver’s license required; Compensation: $725/week (including training weeks), paid travel to/from training and site, food provided during programs, access to group gear. To Apply: Go to https://www.thesca.org/ and click Login or Apply. Create a profile, complete the basic application and then select the Leader Application when prompted. Please be sure to upload a cover letter, resume and 3 references. In order to be considered, you must complete an application and email mwood@thesca.org when your application is complete. For more information, contact Mary Wood at mwood@thesca.org or 907-538-3024. More information on the two positions, go to Project Leader Information: https://www.thesca.org/alaska-corp-project-leader; High School Leader Information: https://www.thesca.org/alaska-high-school-crew-leader.

SUMMER FIELD LEADERS for 2020 for the ALASKA GEOGRAPHIC and its partners for a series of 1 - 2-week programs that engage young people from all over Alaska. We are looking for people who are passionate about the outdoors and have experience leading backcountry trips, including: • Sea Kayak Field Leader - Our Kayak Expeditions take Alaskan high school students and teachers into remote Prince William Sound to learn leadership and wilderness skills and complete work projects. Sea kayak guiding experience required. • Trail Crew Field Leader - Our trail crews camp in remote areas and complete trail work and conservation projects on the Chugach National Forest. As a leader, you are responsible for participant safety and the daily logistics of the project. • Documentarian Positions and Assistant Field Leader Positions available for several of the youth expeditions. Document the program through photographs, videos, and participant interviews. Photo and video equipment provided by Alaska Geographic. The season begins in late May and ends in August. A full season of work is available for the right candidate. Field Leaders are required to have a current Wilderness First Responder (WFR) or Wilderness First Aid (WFA) medical certification. Visit www.akgeo.org/about-alaska-geographic/employment for full position descriptions or send resumé and cover letter to William Melton at wmelton@akgeo.org or call 907-771-8466 for more information.
