CONFERENCES, WORKSHOPS, SEMINARS, SPECIAL EVENTS

March 28 – 29 (In-person & virtually)

KODIAK – The 2025 ALASKA FOOD FESTIVAL & CONFERENCE will be held for the first time ever the Festival is leaving the road system. This is the state's largest convening of food experts, producers, advocates, educators, entrepreneurs, and more from around Alaska and beyond! Expect a diversity of speakers, workshops, and panels from all food systems sectors, who are working collaboratively for stronger, more resilient food systems. Get Tickets at https://whova.com/portal/registration/affac_202503/. Learn more about the conference at <https://www.akfoodpolicycouncil.org/conference/2025-alaska-food-festival-conference/>.

April 15 – 17

NAKNEK - WESTERN ALASKA SCIENCE CONFERENCE will be held to bring together people invested in sharing information important to Alaska's rural communities. The conference theme is Sustaining the Past While Advancing the Future. The keynote speaker will be keynote speaker ADELHEID HERRMANN, a co-investigator at the UAF Alaska Center for Climate Assessment and Policy, who will be speaking about her lived experience in Bristol Bay. For registration information, go to <https://seagrant.uaf.edu/events/ssl/register.php?id=525>.

**May29– June 1

YAKUTAT - The 14TH ANNUAL YAKUTAT TERN FESTIVAL is a celebration of the natural and cultural resources of Yakutat. The Aleutian tern that breeds in wide-ranging coastal colonies only in Alaska and eastern Siberia. Yakutat hosts one of the largest and southernmost nesting colonies of Aleutian Terns (an estimated 1/3 of the population in Alaska), as well as Arctic Terns, and up to 200 other bird species that nest in or migrate through the area. The festival is family friendly and offers activities for birders as well as non-birders, including field trips, seminars,

kid's activities, evening banquets, bird-banding demonstration, and other programs. For more information, contact Mary Glaves or Susan Oehlers at yakutatnaturesociety@gmail.com.

March 19

Wildlife Wednesday: A WOLF CALLED ROMEO will be presented by the Alaska Wildlife Alliance from 7 to 8pm via Zoom. Join best-selling Alaska author NICK JANS for a presentation about Romeo, a black wolf who lived near Juneau and was known for his friendly interactions with wolves and people. Learn more and join the presentation [here!](#)

**March 20 (Webinar)

TAPPING ALASKA'S ENERGY EFFICIENCY PROGRAMS will be presented from 6 to 8pm by JIMMY ORD, TOM BENKERT, and ETHAN STOOPS (AKHFC) via Zoom. Join the workshop with AKHFC program managers to learn about Alaska specific rebates, incentives, and resources. Your insights will directly influence the design of AHFC programs, ensuring they meet the needs of Alaskans. Let's discuss how these offerings can best integrate with Alaska's building practices, workforce, and consumer base. No cost for ACAT members, \$10 for non-members. Register at www.acat.org.

**March 21 (Webinar)

The MARCH NWS CLIMATE BRIEFING will be held from Noon to 1pm. We will review recent and current climate conditions around Alaska, discuss forecasting tools, and finish up with the Climate Prediction Center's forecast for April 2025. Join the gathering online to learn what's happened and what may be in store with Alaska's seasonal climate. [Register Here](#).

**March 26 (Webinar)

The [NWS: FIRE WEATHER in ALASKA and the NWS IMET PROGRAM](#) will be held from 11am to Noon with Speakers: BEN BARTOS, NWS Alaska Fire Weather Program Manager. Fire Weather in Alaska is a team effort with a multi-agency approach used to forecast fire weather conditions across the state. This talk will focus on the NWS role of that effort and how NWS Alaska effectively utilizes the IMET (Incident Meteorologist) Program to provide on-site support for wildland firefighting efforts. Register [HERE](#).

March 31 - April 7 (Virtual)

The NORTH PACIFIC FISHERIES MANAGEMENT COUNCIL will be a virtual-only web conference. The written public comment period will open March 7 and close at noon on March 28. [Find the meeting schedule and all the details here](#). As always, there will be a number of critical topics on the agenda. There will be discussions about Gulf of Alaska Tanner crab protections in areas of high crab abundance off Kodiak Island, the development of the programmatic evaluation, which provides a framework for overarching management goals for the Gulf of Alaska and the Bering Sea/Aleutian Island fisheries and other items of importance to support sustainable fisheries management. [AgendaMeeting](#) and [Listen on You Tub](#).

**April 3 (Webinar)

VACUUM INSULATED PANELS in ALASKA will be presented via Zoom from 6:30 to 8pm by

KAARLE STRAILEY, Alaska Center for Energy and Power. Learn about super-insulating technology and its potential for a quieter, more efficient and less costly home. Learn about vacuum insulated panels (VIPs), a technology around ten times the R-value per inch of common insulation materials offering the potential of very high insulation values in a much narrower assembly. This workshop will cover how VIPs are used around the world to provide exceptional insulation and energy savings along with the challenges and considerations for incorporation in Alaska's buildings. \$10 for non-members. Register [at www.acat.org](http://www.acat.org).

July 30 - August(1 (RESCHEDULED))

ANCHORAGE - ARCTIC ENCOUNTER 2025 is North America's leading conference on Arctic policy and business that annually gathers over 1,000 participants from more than two dozen countries. As a nonprofit NGO, Arctic Encounter convenes and hosts dialogues and policy debates among international leaders, business executives, Indigenous representatives, federal agencies, diplomats, scientists, and policymakers. Hosted in downtown Anchorage, Alaska, the event offers participants a unique blend of arts, culture, and critical discussions, contributing to a deeper understanding of Arctic challenges and opportunities. For more information, go to [Event Link](#).

PUBLIC HEARINGS/MEETINGS/OPEN HOUSE

*March 21 – 28

ANCHORAGE – The ALASKA BOARD of GAME will meet at the Egan Civic and Convention Center. During this eight-day public meeting, the board will address over 80 regulatory proposals requesting changes primarily to statewide provisions dealing with hunting and trapping, along with some region-specific topics. Examples of the categories of topics to be considered by the board include but are not limited to, migratory bird hunting, hunter education, hunting and other types of permits, unlawful methods and means, game management unit boundaries, proxy hunting, intensive management, salvage and sealing requirements, possession and the sale of game, and sheep hunting in Game Management [Unit 19C](#) (McGrath). The general public, local fish and game advisory committees, and the Alaska Department of Fish and Game submitted proposals. All portions of the meetings are open to the public, and a live audio and video stream will be provided on the board's website. The website will also include [meeting material](#) such as agendas, staff reports, and public and agency comments on proposals. For more information on the meeting, visit adfg.alaska.gov.

EVENTS & MEETINGS in the ANCHORAGE AREA

**March 20

The film, DEMON MINERAL; MINING and COMMUNITY RESISTANCE, will be shown at the SEED Lab, 111 W. 6th Avenue, will be shown at 6:15. This award-winning film explores the devastating legacy of uranium mining on the home lands of the Navaho Nation where over 500 abandon mines contaminate the land, air, and water. A reception will precede the film at 5:15.

****March 21 & 22**

The FIRST DAY of SPRING ANCHORAGE BIG BIRDING DAY will be held from 5pm to 5pm from Eklutna to Portage. Get a team together, make a strategic plan, and go birding. All team members must see all birds counted by the team. Bird as much or as little of the 24 hours as you like. See them, hear them, and write them down. Just register your team in advance by emailing flybynightclub@gci.net then, email your team's results to flybynightclub@gci.net and results will be emailed and posted. And there will be a CASH PRIZE- One Dollar per species will be awarded to the winning team! We are planning a wrap-up get-together at 5pm on Saturday when we eat, drink, re-cap the day's adventures, and tell stories. Reservations will be required, and we'll announce details shortly.

March 26

Fireside Chat: FIRE, CARBON, and PERMAFROST: FIRE ECOLOGY and MANAGEMENT in ALASKA will be presented from 7 to 8pm at the Campbell Creek Science Center. Fires in Alaska are very different from wildland fires in the Lower 48. We'll dig into the why by learning about the history of fire, fuels, fire effects, fire regimes, and management approaches from LISA SAPERSTEIN. Lisa is a Regional Fire Ecologist for the U.S. Fish and Wildlife Service (FWS) in Alaska. You can catch a snippet of her ardent expertise and passion on FWS's podcast, [My Life, Wildlife, Season 1, Episode 13](#). Let's journey through the vast flammable landscapes of Alaska together. This event is free and open to the public.

****April 19 & 20**

The GUNSIGHT MOUNTAIN HAWKWATCH will be hosted by BOB DITTRICK who is one of the original discoverers of the Gunsight Mountain Hawkwatch site. The Annual Hawk Watch Weekend in collaboration between Anchorage Audubon and the Mat-Su Birders will take place at Milepost 118.8 of the Glenn Highway. Observations generally begin around 10am because migrating raptors wait for thermals to develop. Migrating raptors that can be seen along the ridge line near MP 118.8 include Golden Eagle, Harlan's Red-tailed Hawk, Rough-legged Hawk, Sharp-shinned Hawk, Northern Goshawk, Peregrine Falcon, and Merlin. Swainson's Hawk, American Kestrel, and Osprey have also been seen migrating through this area as well as Swans, Lapland Longspurs, Snow Buntings, and the occasional Northern Hawk Owl. Bring VERY warm clothing, binoculars, spotting scopes, lunch, snacks, and lawn chairs and sit back while you watch migrating raptors glide over the nearby ridge. The weather can vary from sunny and reasonably warm to brutal chilling cold, so be prepared for anything. Meet at 10am at the Milepost 118.8 pullout on the Glenn Highway. A short raptor identification talk by Bob Dittrick will take place at 10:30am. On Sunday, the Mat-Su Birders will host their annual Hawk Watch Potluck BBQ at the same location. For details on the Mat-Su Hawk Watch at www.matsubirders.org/html/calendar.html. Rooms are available at local lodges in the area for those who want to stay on site for the entire Hawkwatching Weekend.

EVENTS & MEETINGS OUTSIDE of ANCHORAGE

**March 18

PALMER – A public meeting will be held from 5:30 to 7:30pm with a presentation at 5:45pm at the Palmer Train Depot on the GLENN HIGHWAY: ARCTIC AVENUE TO PALMER-FISHHOOK ROAD SAFETY & CAPACITY IMPROVEMENTS (AA2PF) PROJECT. The project team is asking the public to help identify problem areas and share their experiences so our team can be better informed during the design process. For more information, go to glennarctic2palmerfishhook.com or email info@glennarctic2palmerfishhook.com.

**March 18

SOLDOTNA - [FINDING REFUGE: ALASKA REFUGES' GIFTS to YOUR MIND, BODY, and SPIRIT](#) will be presented by the [Friends of Alaska National Wildlife Refuges](#) from from 5 to 6pm by MATT CONNER, Kenai National Wildlife Refuge Visitor Services Supervisor at the Kenai Refuge's Visitor Center on Ski Hill Road. This program can also be zoomed at <https://alaskarefugefriends.org/findingrefuge-3-25/>. A reception will follow the talk. Ranger Conner will describe how refuges can improve our mind, body, and spirit. Matt went through a personal transformation as the result of a health crisis and now, in addition to his day job managing the large visitor services program on the Kenai, he is a certified personal trainer eager to incorporate health benefits into management activities. This is a regular monthly meeting of Friends and all are welcome.

**March 18

HOMER - Watch [FINDING REFUGE: ALASKA REFUGES' GIFTS to YOUR MIND, BODY, and SPIRIT](#) from 5 to 6 pm at the at the Alaska Maritime National Wildlife Refuge Visitor Center presented by MATT CONNER, Kenai National Wildlife Refuge Visitor Services Supervisor, Matt will be speaking in Soldotna at the Kenai Refuge. This program can also be zoomed at <https://alaskarefugefriends.org/findingrefuge-3-25/>. Join Ranger Conner as he describes how refuges can improve our mind, body, and spirit. Matt went through a personal transformation as the result of a health crisis and is now a certified personal trainer eager to incorporate health benefits into management activities. This is a regular monthly meeting of Friends and all are welcome.

**March 18 – 20

SITKA – The SOUTHEAST ALASKA SUBSISTENCE REGIONAL ADVISORY COUNCIL will meet in the Harrigan Centennial Hall Raven Room beginning at 9am each day. The Council will develop recommendations on proposals to change Federal subsistence wildlife regulations and discuss other issues related to subsistence in the Southeast Region. The public is welcome to attend and participate in this meeting via MS Teams [click here to join meeting](#) All meeting materials may be found at https://www.doi.gov/subsistence/regions/se_materials. For more information, contact Leigh Honig, at 907-891-9053

March 30

PALMER - BACKCOUNTRY FIRST AID WORKSHOP for DOG OWNERS will be held at the National Outdoor Leadership School Campus: 5805 N Farm Loop Road, from 10am to 11:45am. Join us for an introductory session to learn how to plan for, avoid, and manage some of the most common injuries to your dog to decide how urgently to seek veterinary care. Basic first aid topics will be covered, including porcupine quill removal, wound care, bandaging and more. Your teacher will be our very own local veterinarian, Dr. CHELSEA GRIMSTAD. Dr. Grimstad combines her years of Alaska climbing, hiking, biking and hiking with a passion for "taking the dogs along". The cost of this workshop includes a small first aid kit that is pet specific. Please leave your dog(s) at home for this event. The cost is \$50. For more information, go to <https://vmbah.wildapricot.org/event-6076855?>

**April 18 & 19

JUNEAU - [EBIRD FOR WATERFOWLERS, BIRDERS, and OUTDOOR ENTHUSIASTS](#) will be an engaging session from 6 to 8 p.m. on Friday, April 18, 2025, at Devil's Club Brewing Co.'s new downstairs space for folks wanting to learn more about eBird—the fantastic community science tool that allows you to document bird sightings, deepen your understanding of local wildlife, and contribute to local, regional, and international conservation. eBird is designed to track bird migrations and hotspots, contribute to scientific research and conservation, and enhance birding and outdoor experiences for its users. Friday evening presenters include ZAK POHLEN, wildlife biologist for the U.S. Fish and Wildlife Service Division of Migratory Birds, and River Gates, Pacific Shorebird Conservation Initiative Coordinator with Audubon Alaska and National Audubon Society. The event continues on Saturday, at 8am. with the [“EBIRD IN ACTION FIELD TRIP”](#) at the parking area for the Airport Dike Trail (EVAR). There'll be a 15 minute debriefing before we gear up to depart at 8: in small groups in search of birds. Field trip leaders and volunteers can provide scopes, tripods, and binoculars, but participants are encouraged to bring their own birding equipment if they prefer, as well as boots, water, and other weather-appropriate gear. Attendees should plan to spend 2.5 to three hours on Taashuyee-Chookan.aani (the Mendenhall Wetlands). ents are free and open to all

June 5 – August 6

Registration for FIELD COURSES in DENALI NATIONAL PARK through Alaska Geographic in partnership with the National Park Service. Courses are active learning experiences and are led by some of Alaska's best scientists and naturalists. Courses include transportation, overnight accommodations at a field camp 29 miles into Denali, and hearty meals. Professional development credit is also available from the University of Alaska Anchorage. For additional information, go to the Alaska Geographic website at <https://www.akgeo.org/field-courses/>.

June 5 - 7 - Explore your environment with Alaska Project Learning Tree

June 8 - 10 - Boreal Forest Ecology

June 13 – 15 - Monitoring Birds in Denali: why, how, where, and recent discoveries

June 20 – 22 -Wildflowers of Denali

June 27 – 29 - Project Learning Tree and the Nature of Fire in Alaska

July 11 – 13 – Wildlife Tracks and Signs

July 18 – 20 - Discovering Denali's Micro wilderness: Insects and other Arthropods

August 4 – 6 – Bears of Denali

August 15 - 17 – Yoga in Denali

For additional information or questions, please email courses@akgeo.org

DEADLINES

****March 20**

Comments are due on the 2024-2027 STATEWIDE TRANSPORTATION IMPROVEMENT PROGRAM (STIP) AMENDMENT #2 that signifies an update to Alaska's strategic transportation investments. It is DOT&PF's four-year program for transportation system preservation and development. The STIP serves as Alaska's blueprint for federal surface transportation investments, funding key infrastructure projects that enhance safety, mobility, and economic growth. Highlights of the new amendment include funding for the following projects: ** Sterling Highway MP 45-60 Cooper Landing Bypass (\$130m); * Glenn Highway Long Lake Realignment (\$4m); * AMHS Ferry and Terminal Construction Projects; * Seward Highway MP 98.5-112 Bird Flats to McHugh Creek; * Yukon Kuskokwim Frontier Road Construction); * Dalton Highway Mileposts 0-9, 18-37; and 305-335 Reconstruction Projects. For more information, go to dot.alaska.gov/links/pdp or contact dot.stip@alaska.gov.

March 31

NATIONAL - Deadline for comments on the INTERIM FINAL RULE that REMOVES the COUNCIL on ENVIRONMENTAL QUALITY (CEQ) REGULATIONS IMPLEMENTING the NATIONAL ENVIRONMENTAL POLICY ACT (NEPA) from the CODE of FEDERAL REGULATIONS. In addition, this interim final rule requests comments on this action and related matters to inform CEQ's decision making. Submit comments to <https://www.regulations.gov>. Follow the instructions for submitting comments. All submissions must include the agency name, "Council on Environmental Quality," and docket number, CEQ-2025-0002, for this rulemaking. All comments received will be posted without change to <https://www.regulations.gov>, To see the Federal Register announcement, go to <https://www.federalregister.gov/documents/2025/02/25/2025-03014/removal-of-national-environmental-policy-act-implementing-regulations>.

April 4

STATEWIDE - Deadline for NOMINATIONS for the ALASKA CONSERVATION FOUNDATION'S CONSERVATION ACHIEVEMENT AWARDS to recognize outstanding individuals and organizations making a difference in Alaska's conservation efforts with eight distinct award categories, we celebrate those who dedicate themselves to protecting Alaska's natural environment and ways of life. Visit our website to learn more about each award category and submit your nomination: <https://alaskaconservation.org/community-resources/achievement-awards/>.

****April 14**

Deadline for comments on BLM DRAFT ALASKA LONG NATIONAL SCENIC TRAIL FEASIBILITY STUDY that evaluates the feasibility of designating the proposed ALASKA LONG TRAIL as a NATIONAL SCENIC TRAIL. The purpose of the study is to evaluate the feasibility, desirability, and suitability of designating the proposed study routes associated with the Alaska Long Trail as a national scenic trail, not whether it should be designated as one. Comments received will inform the final feasibility study that BLM submits to Congress, which has the sole authority to enact legislation to designate new national scenic trails. This feasibility study is not a comprehensive plan, nor does it authorize any implementation actions. To read and submit comments on the draft feasibility study, go to the [Alaska Long National Scenic Trail Feasibility Study](#) page in the BLM National NEPA Register.

April 14

Deadline for nominations for the *EXXON VALDEZ OIL SPILL TRUSTEE COUNCIL PUBLIC ADVISORY COMMITTEE* to fill four membership vacancies that represent commercial fishing, subsistence use, recreation, and public-at-large interests. For more information on the role of the Public Advisory Committee or the nomination process, or copies of documents relating to the Public Advisory Committee or the work of the Trustee Council, visit www.evostc.state.ak.us, or contact Joy Maglaque at the Trustee Council Office, 907.278.8012 or email joy.maglaqui@alaska.gov.

GRANTS/AWARDS/SCHOLARSHIPS/FELLOWSHIPS/ CONTESTS/RFP

March 28

Deadline for submissions for the ANNUAL HUMMINGBIRD FESTIVAL JURIED ART SHOW in Ketchikan, hosted by the Southeast Alaska Discovery Center and the Cape Fox Cultural Foundation. Since 2006, a juried art show dedicated to the migratory birds of Alaska has been presented as part of the festival. The show has juvenile and adult prizes, including Juvenile Best of Show - \$100.00, Juvenile First Prize - \$75.00, Juvenile Honorable Mention - \$50.00, Adult Best of Show (18 & up) - \$500.00, Adult First Prize - \$300.00, and Adult Honorable Mention - \$200.00. The art show will be on display at the Southeast Alaska Discovery Center until May 30. Other activities to be featured in the Alaska Hummingbird Festival will include bird identification walks, Friday Night Insight lecture series and conservation education programs focused on birds. For entry guidelines and application form, go to [Application Form](#). For more information contact Hazel Brews at 907-228-6246 or hazel.brewi@usda.gov.

CLIMATE PROGRAM EVALUATION POSTDOCTORAL FELLOW for the ALASKA CLIMATE ADAPTATION SCIENCE CENTER (AK CASC) at the University of Alaska Fairbanks to enhance the value and impact of actionable science in addressing climate challenges. This is a unique opportunity to advance evaluation frameworks and co-produced research that helps decision-makers achieve climate resilience. To see the full position description and apply, go to <https://careers.alaska.edu/jobs/post-doctoral-fellow-climate-program-evaluation-fairbanks-alaska-united-states>

AVALANCHE SCIENCE COMMUNICATION POSTDOCTORAL FELLOW for the INTERNATIONAL ARCTIC RESEARCH CENTER (IARC) at the University of Alaska Fairbanks to improve how future snow avalanche models and climate information are communicated to Alaska decision-makers. To see the full position description, go to https://careers.alaska.edu/jobs/post-doctoral-fellow-avalanche-science-communication-fairbanks-alaska-united-states_.

April 1

Deadline for application for the ALASKA SEA GRANT COMMUNITY-ENGAGED FELLOWSHIP PROGRAM that offers undergraduates hands-on opportunities in marine and coastal science. In 2025, fellows will work on community-driven projects across Alaska, addressing topics such as harmful algal bloom monitoring, sustainable fisheries, and coastal resilience. [LEARN MORE →](#)

April 16

Applications are due for the [TRANSFORMATIONAL HABITAT RESTORATION and COASTAL RESILIENCE GRANTS](#) for habitat restoration and coastal resilience through the [BIPARTISAN INFRASTRUCTURE LAW](#). Of the \$100 million in funding available, 15 percent is specifically available to U.S. federally recognized tribes, Alaska Native Corporations, and organizations that represent tribes through formal legal agreements, through direct awards or subawards: A direct award is an award where the tribe is the applicant, receives an award from NOAA, and administers the award. A subaward to a tribe is an award where a non-tribal applicant receives a direct award from NOAA but provides a specific amount of funding to a tribe to carry out a portion of the award. The remaining funding will be available to all eligible applicants. Applicant webinar will be held AKST: March 18 from 7 to 8am. [Register for the March 18 applicant webinar](#). For more information, contact Resilience.Grants@noaa.gov.

April 21

Deadline for applications for the MARTHA LEVENSALER LEADERSHIP FUND that supports training and skill building for volunteer and grassroots engagement toward strengthening the Alaska conservation movement. Grant awards range from \$500-\$3000 and may be awarded annually. The fund will support projects that provide training, skills building, and organization development to enhance leadership capacity for the conservation movement in Alaska. The fund is particularly interested in supporting volunteers and youth. Details can be found at <https://alaskaconservation.org/take-action/legacy-giving/endowment-funds/current-endowment-funds/martha-levensaler-leadership-fund/>.

ITEMS of INTEREST

GUIDEBOOK: HOW to INTERACT with the NORTH PACIFIC FISHERY MANAGEMENT COUNCIL has been produced by the Alaska Marine Conservation Council (AMCC) to help citizens better understand how the council functions. The guide outlines a comprehensive breakdown of the Council's composition, the importance of community engagement, and tips on effectively participating in Council activities. To see the guidebook, go to https://www.akmarine.org/_files/ugd/284c1f_cee545ddeae84d89b08cc683bc7dfbe7.pdf.

ARCTIC REPORT CARD 2024 has been released. The Arctic Report Card is a timely and peer-reviewed source for clear, reliable, and concise environmental information on the current state of different components of the Arctic system relative to historical records. A new report is released each year and is intended for a wide audience interested in the Arctic environment and science. This year's report contains 12 essay contributions prepared by an international team of 97 scientists from 11 countries. The full report can be found [here](#) and more information about the arctic report card can be found on this [website](#).

VOLUNTEER OPPORTUNITIES

CALL for PRESENTERS for the ALASKA BOTANICAL GARDEN'S SPRING GARDEN CONFERENCE to be held at the BP Energy Center on April .30! Do you have an area of expertise you would love to share with the larger gardening community? We welcome lecture style presentations/panels (60 minutes), longer workshops (1-4 hours), and shorter 10-15-minute rapid-fire presentations. Deadline to submit is March 24. Submit your proposal to <https://www.alaskabg.org/spring-conference-speakerpanel-form>. Contact Stacey Shriner at stacey.shriner@alaskabg.org with any questions.
